

Missions

David Lingo - Program Chair

“The purpose of the Missions program is to prepare effective leaders to cross cultural boundaries for the task of evangelizing people groups and nurturing them to maturity in the Lord, which will result in the planting of indigenous churches with trained national leadership.”

Upon completion of this program, students should be able to:

Make biblical adjustments to a particular culture which will enable effective ministry.

Use basic language acquisition skills in order to learn and minister in a second language.

Develop and execute training programs for national leadership.

Appreciate, promote and support the cause of worldwide missions in their national ministries.
