

Music Education

Dr. Michael Dove
Director of Music Education

“The music education program provides a holistic education to pre-service teachers to meet the diverse needs of pre-kindergarten through 12th grade students in the twenty first century. All music majors receive training as worship leaders and performers in local church.”

Upon completion of this program, students should be able to:

Display proficiency in musical skills and knowledge

Show an understanding of our musical heritage

Perform acceptably as leaders of congregational singing and/or other church music leadership positions, or as music teachers in public or private schools

Describe the role of music in worship and evangelism

Verbalize the ethical and spiritual aspects of music ministry
